

# Virtual Visits with Island Hospital

## General Information

### What is a virtual visit?

A virtual visit, sometimes referred to as “telehealth” is an online video appointment with your provider. All you need is a computer, tablet, or smart phone, and internet access. You can see and talk with your provider through your own device.

### Who can use this service?

Island Hospital now offers virtual visits for patients for primary and specialty care, including urgent, general office and preventative services.

**Call your provider's office to schedule an appointment.  
Appointments are required for all virtual visits.**

## Set Up Instructions

### What do I need for a virtual visit?

You can use a smartphone, tablet, laptop or desktop computer. To enjoy the best experience on the vSee video application make sure you have:

- High-Speed internet access
- Webcam or built-in camera
- Microphone and speakers

### What internet browsers are supported?

VSee works on:

- Google Chrome (latest version) *Preferred for best experience*
- Internet Explorer (9.0 or later) *Flash player must be installed*
- Mozilla Firefox (latest version) *Except on iOS & Android*
- Safari (latest version) *Please don't use private mode*
- Internet Browser *Default browser on some Android devices*

Also, in your settings turn on:

- JavaScript
- Cookies

## Set Up Instructions

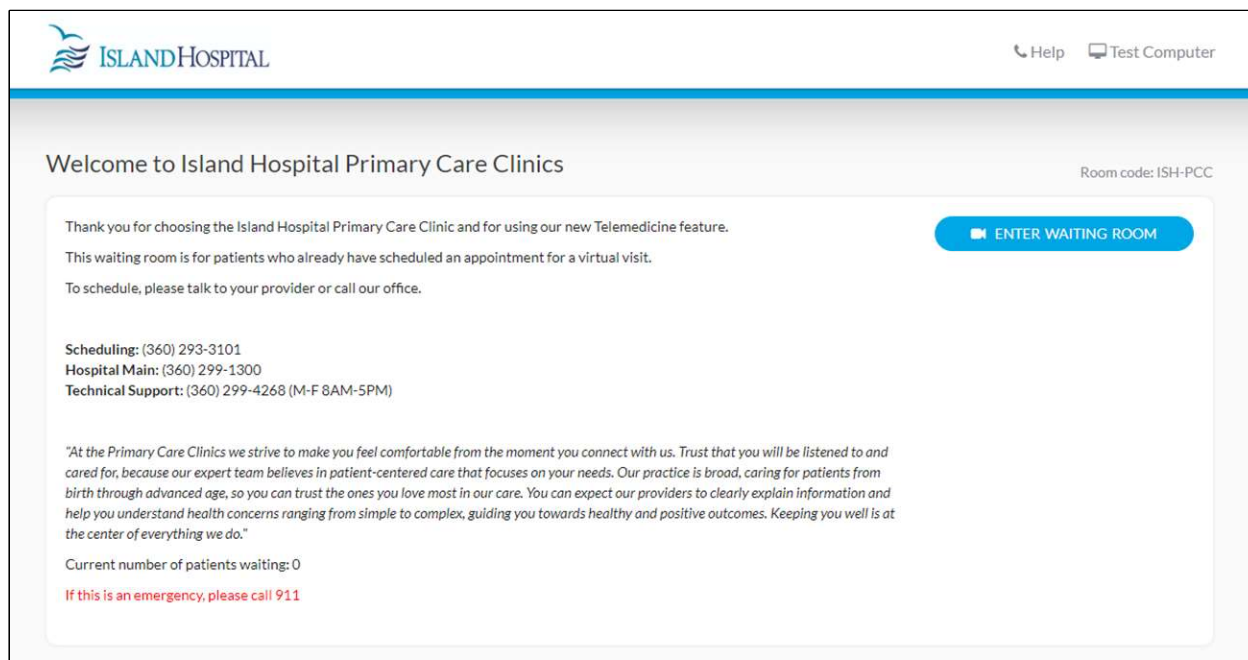

### How do I prepare for my Vsee virtual visit?

To get started, close all other video conferencing programs that can interfere with Vsee, such as:

- Zoom
- Skype
- GoToMeeting

### Using a computer:

1. Ten minutes before your scheduled appointment, enter [islandhospital.org/telemedicine](http://islandhospital.org/telemedicine) into your browser. Click on 'Find your Virtual Waiting Room'. Click the department or specialty and then click "ENTER WAITING ROOM".

The screenshot shows the Island Hospital Primary Care Clinics virtual waiting room interface. At the top left is the Island Hospital logo. At the top right are links for 'Help' and 'Test Computer'. The main heading is 'Welcome to Island Hospital Primary Care Clinics' with a 'Room code: ISH-PCC' on the right. A central message reads: 'Thank you for choosing the Island Hospital Primary Care Clinic and for using our new Telemedicine feature. This waiting room is for patients who already have scheduled an appointment for a virtual visit. To schedule, please talk to your provider or call our office.' A prominent blue button with a camera icon and the text 'ENTER WAITING ROOM' is located on the right. Below this, contact information is listed: 'Scheduling: (360) 293-3101', 'Hospital Main: (360) 299-1300', and 'Technical Support: (360) 299-4268 (M-F 8AM-5PM)'. A quote from the Primary Care Clinics is displayed: 'At the Primary Care Clinics we strive to make you feel comfortable from the moment you connect with us. Trust that you will be listened to and cared for, because our expert team believes in patient-centered care that focuses on your needs. Our practice is broad, caring for patients from birth through advanced age, so you can trust the ones you love most in our care. You can expect our providers to clearly explain information and help you understand health concerns ranging from simple to complex, guiding you towards healthy and positive outcomes. Keeping you well is at the center of everything we do.' At the bottom, it states 'Current number of patients waiting: 0' and includes a red warning: 'If this is an emergency, please call 911'.

## Set Up Instructions

### Using a computer:

4. Accept the Privacy and Terms. Click “I Agree.”

The screenshot shows a dialog box titled "Privacy and Terms". The text inside reads: "To create a VSee Account, you will agree to our [Terms of Service](#) and [Privacy Policy](#) by clicking the button below. Here are the important things to know about our [Privacy Policy](#) :

**Data we store when you use VSee products.**

- When you set up a VSee Account, we store the account information you supply including name, email address and other data you provide.
- When you use your VSee Account we store your instant messages, usage history, and crash analysis data.
- For VSee Clinic users only : We store only the scheduling information, medical history, photos and notes that you enter into the VSee Clinic application.
- For VSee Clinic providers only : We store scheduling information and the information you and your users enter into the VSee Clinic application.

**Why VSee stores this data.**

- Enable our products to work as intended.
- Improve and identify problems in our software.
- Communicate to our users about VSee and telemedicine.
- Allow providers to assist their VSee Clinic users.
- Ensure HIPAA compliance with respect to auditing and archiving of data.

**How to control your data.**

- VSee users can request that VSee delete all or some of their personal information by contacting [privacy@vsee.com](mailto:privacy@vsee.com).
- Questions about our policies and handling of your data can also be directed to [privacy@vsee.com](mailto:privacy@vsee.com).

At the bottom of the dialog box, there are two buttons: "I Agree" (highlighted in green) and "Cancel".

5. The video call will launch. Your provider will join the visit shortly

6. If you experience issues installing Vsee, Click “Help” for Vsee support information.

## Set Up Instructions

### Using a smartphone or tablet:

3. Enter the clinic using the room code that our service representatives provide you on the phone.

The screenshot shows the VSee Clinic app interface. At the top, the text "VSee Clinic" is displayed in green. Below it, a subtitle reads "A simple and secure way to consult with your providers". A text input field is labeled "Enter Room Code" with a dropdown arrow. At the bottom, there is a prominent green rounded button labeled "Next".

4. Enter your first and last name, check the consent box, and click "Enter Waiting Room."

The screenshot shows the "Start Visit" screen in the VSee Clinic app. At the top, there is a green header with "Start Visit" and a menu icon. Below the header, a red warning message states "If this is an emergency, please call 911". The form contains several input fields: "First Name \*" with a sub-label "First name", "Last Name \*" with a sub-label "Last name", "Date of birth", "Phone", and "Reason for visit".
