ISLAND HOSPITAL CLINICS FINANCIAL POLICY

Thank you so much for choosing us as your health care provider. We are committed to providing you with the highest quality medical care. Because some of our patients have had questions regarding patient and insurance responsibility for services rendered, we believe it important for our patients to have a clear understanding of our expectations regarding their billing and payment arrangements. Please read and sign the following Financial Policy prior to your visit. Should you have any questions, please feel free to ask.

Patient Responsibilities: All patients must complete our "Patient Registration Form" before being seen by any of our healthcare providers. This must be updated at least once a year. *Full payment is due at time of service* unless you have a *current medical insurance card, which must be presented at each visit*. We accept cash, checks, and credit cards.

Contracted Insurance Companies: We will bill any insurance. If we are contracted with the patient's insurance company, we will accept as payment in full, all contracted insurance allowables (their payment, plus any co-insurance, deductibles and/or co-payments). If we are not contracted with the patient's insurance, payment must be made to the full amount of our charge. **If your policy has an office visit co-payment, you must pay the co-payment at the time of service.** Otherwise, an administrative fee may be billed. Please check with your specific insurance company to determine whether this clinic is a preferred provider.

Medicare: We accept Medicare assignment, which means the Medicare check will be sent to our office. If we are not contracted with your supplemental insurance company, we will courtesy- bill one time.

Payment by Check: If your check is returned for non-sufficient funds (NSF), we will charge a \$20.00 fee to your account. If that happens, you will be asked to remit the amount of the original check, plus service charge, in cash or by credit card.

General Credit Policy: Finance Policy Review (Effective January 1, 2015)

Patients are required to pay balances in accordance with the following guidelines:

- § Payments may be made using Cash, Checks, or Credit Cards. Statements may also be paid online.
 - Mastercard, Visa, American Express or Discover are accepted.
- § Physician office and therapy visit co-pays are required on the date of service. Lack of co-pay payments for any visits may result in rescheduling of the service.
- § Extended payment plans are available upon approval with a maximum extension of twelve (12) months and a minimum payment of \$50.00 per month.
- § Delinquent accounts will be referred to a collection agency at which time additional fees will be assessed.

If you are unable to meet these terms, please contact the Patient Accounting Office at (360) 299-1332, (855)-440-4200 ext. 1332 to make arrangements

Fees: Our clinic is committed to providing you with the highest quality medical care. Our charges are based on a value scale developed by the American Medical Association and supported by most insurance companies. You are welcome to know what our normal charge is for any given service.

Minors: For a child of divorced parents, we expect all payments for co-payments, deductibles and non-covered services from whichever parent accompanies the child. We will not bill ex-spouses or parents but will be happy to provide you an itemized receipt upon payment for your reimbursement needs.

Repeated failure to keep scheduled appointments, repeated NSF checks, and/or failure to make timely payments on your account may result in the termination of medical care from our clinic for the entire family.

JOINT NOTICE OF PRIVACY PRACTICES

This notice describes how medical information about you may be used and disclosed, and how you can get access to this information. Please review it carefully.

Island Hospital respects your privacy. It is required to maintain the privacy of your health information and to provide you with a notice ("Notice") of its legal duties and privacy practices. We understand that your personal health information is very sensitive. Island Hospital will not use or disclose your health information except as described in this Notice. We will not disclose your information to others unless you tell us to do so, or unless the law authorizes or requires us to do so. This Notice applies to all of the medical records generated by Island Hospital and its personnel, volunteers, students and trainees. This Notice also applies to other health care providers that come to Island Hospital to care for patients, such as physicians, physician assistants, therapists, and other health care providers who are not employed by Island Hospital, such as ambulance services and emergency medical technicians who may have brought you to the Hospital, unless those other providers give you their own Notice that describes how they will protect your medical information. The Hospital and these other health care providers work together to provide you with care and they will share your health information with each other as necessary to care for you, to obtain payment for that care, or for health care operations purposes, such as quality assessment and utilization review.

The law protects the privacy of the health information we create and obtain in providing our care and services to you. For example, your protected health information includes your symptoms, test results, diagnoses, treatment, health information from other providers, and billing and payment information relating to these services. Federal and state law allows us to use and disclose your protected health information for purposes of treatment and health care operations. Island Hospital is required to follow the privacy practices that are described in this Notice (which may be amended from time to time).

YOUR HEALTH INFORMATION RIGHTS

The health and billing records we create and store are the property of Island Hospital. The protected health information in it, however, generally belongs to you. You have a right to:

- Receive, read, and ask questions about this Notice.
- Ask us to restrict certain uses and disclosures. You must deliver this request in writing to us. We are not required to agree to any restriction you may request, except if your request is to restrict disclosing protected health information to a health plan for the purpose of carrying out payment or health care operation, the disclosure is not otherwise required by law, and the health information pertains solely to a health care item or service which has been paid in full by you or another person or entity on your behalf. But we will comply with any request granted.

- Request and receive from us a paper copy of the most current Notice of Privacy Practices for Protected Health Information ("Notice").
- Request that you be allowed to see and get a copy of your protected health information. You must make this request in writing. We have a form available for this type of request.
- Have us review a denial of access to your health information—except in certain circumstances.
- Ask us to amend your health information. You must give us this request in writing. You may write a statement of disagreement if your request is denied. It will be stored in your medical record, and included with any release of your records.
- When you request, we will give you a list of disclosures of your health information. The list will not include disclosures made for purposes of treatment, payment or health care operations, disclosures you authorized, disclosures to you, incidental disclosures, disclosures to family or other persons involved in your care, disclosures to correctional institutions, and law enforcement in some circumstances, disclosures of limited data set information or disclosures for national security. You may receive this information without charge once every 12 months. We will notify you of the cost involved if you request this information more than once in 12 months.
- Ask that your health information be given to you by another means or at another location. Please sign, date, and give us your request in writing.
- Cancel prior authorizations to use or disclose health information by giving us a written revocation. Your revocation does not affect information that has already been released. It also does not affect any action taken before we have it. Sometimes, you cannot cancel an authorization if its purpose was to obtain insurance.
- Receive a notification if we discover a breach of your protected health information, according to requirements under federal law.
